❖ Teaching Learning Process:

We adopt various teaching methodologies at different point of time.

Student remains interactive with faculty using Intranet facility.

Other than classroom lecturers, we have enough number of seminars, Presentation and Guest Lecturer.

Case studies and guest lectures are also used to keep students informative with current trend and Technology.

We have exclusive Internet Lab to access the latest information and remain up to date with out side. They can search for white papers tutorials and participate in interest Groups for sharing of information.

Syllabus is frequently updated as per the need to contain Basic fundamental contains as well as latest development tools and technologies.

All the faculties are supposed to provide lecture wise session handout of complete syllabus to students at the starting of terms, So students can read topics in advance and do track the flow of lecture. This defines scope of the course at the beginning of the course. This material is also available on Intranet.
